

Submission on the referral

Lithium Development (Grants) Northern Territory Pty Ltd – Finniss Lithium Project BP33 Underground Mine – Proposed Variations

This submission is made under regulation 53 of the Environment Protection Regulations 2020

Government authority: Department of the Chief Minister and Cabinet

Section of Referral	Theme or issue	Comment
Main report – Sec. 16, People – Community and economy; Appendix F – Environmental and Social Risk Assessment	People and Economy – Community & Economy – Potential social and economic impacts.	CM&C notes the economic and social impacts identified in this referral. The proposal would benefit from more concrete analysis of local employment and amenity impacts, including cumulative impacts from other projects in the area, should further assessment be recommended.
