Re-issued September 1994

APPLYING TO: The 1 km Corridor for all of the Victoria Highway as shown on attached overlays numbered 1-5.

PROPOSED WORK OR USE: Construction of roadworks and services, including investigation work, drainage works, road realignments, construction/widening of bridges, bridgeworks, extraction of road building materials, gravel, fill, construction camps, construction of water bores and associated access roads, rest areas and roadside stops, reserves and other structures and services.

ISSUED TO: N.T. Construction Agency  
Department of Transport and Works  
Post Office Box 61  
PALMERSTON NT 0831

CONDITIONS:

1. It is the responsibility of the recipient of this Certificate to:
  - (i) Include the conditions of this Certificate in any subsequent contract or tender document commissioning works described in this Certificate.
  - (ii) Otherwise inform agents and employees of the conditions of this Certificate and obligations under the *Aboriginal Sacred Sites (NT) Act 1989*.
2. The proposed use or works covered by this Certificate must commence within 15 years of the date of issue.
3. The information on the map relates specifically to the area of the Certificate as marked and the fact that no sites are shown in other areas should not be taken as a definitive indication of the existence or lack of existence of sites in these areas.
4. The overlays numbered 1-5 attached to the Certificate form part of the Certificate.
5. **Avoidance Area 1,3,4,6,7,8,15,16,18,19,21,22,23,25,26,27,28,29,30,31&32**
  1. Works to be restricted to maintenance of the carriageway, table drains and outlet drains only.

**Avoidance Area 2**

  2. Works to be restricted to maintenance of the existing carriageway, table drains and outlet drains only.
  3. No damage to the small Acacia trees in the vicinity.

**Avoidance Area 5, 20 & 24**

  4. No works are permitted within Avoidance Area.
  5. Works to be restricted to maintenance of the existing carriageway (including bridges), table drains and outlet drains only.

6. No damage to mature trees within the avoidance area.

**Avoidance Area 10**

7. Works are to be restricted to maintenance of the existing carriageway (including the bridge), table drains and outlet drains only.
8. No damage to mature trees along the course of the creek, particularly the Boab tree immediately west of the bridge on the southern bank of the creek and the white gum tree immediately west of the bridge on the northern side of the creek bed.

**Avoidance Area 9, 11**

9. Works are to be restricted to maintenance of the existing carriageway (including the bridge), table drains and outlet drains only.
10. No damage to mature trees along the course of the creek.
