DRAFT REPORT

Darwin City Waterfront Redevelopment Project

Draft Environmental Impact Statement

VOLUME 2: APPENDICES

Prepared for

Department of Infrastructure, Planning and Environment

GPO Box 4000 DARWIN Northern Territory 0801

17 May 2004

36909-007 (Draft EIS)

Project Manager:	
	Paul Lloyd
	Senior Environmental Scientist

URS Australia Pty Ltd Level 1, Arkaba House, The Esplanade GPO Box 2005, Darwin NT 0801 Australia Tel: 61 8 8980 2900 Fax: 61 8 8941 3920

Date:	17 May 2004
Reference:	36909-007
Status:	Final report

CONTENTS

Volume 1 – Draft Environmental Impact Statement

Executive Summary

1 Introduction

- 1.1 Background
 - 1.1.1 Vision for the Redevelopment of Darwin City's Waterfront.
 - 1.1.2 The Draft Environmental Impact Statement
- 1.2 Scope, Purpose and Structure of the Draft Environmental Impact Statement
- 1.3 The Proponent and the Proposed Project
 - 1.3.1 The Proponent
 - 1.3.2 The Proposed Project
- 1.4 The Impact Assessment Process
 - 1.4.1 Northern Territory Environmental Assessment Process
 - 1.4.2 Commonwealth Environmental Assessment Process
 - 1.4.3 Status of the Proposed Project in the EIA Process
 - 1.4.4 Relevant Government Legislation and Policies
- 1.5 Investigations undertaken for the Draft EIS
- 1.6 Historical Overview of Land Uses at the Site
 - 1.6.1 Fort Hill
 - 1.6.2 Shell Bitumen Plant
 - 1.6.3 Warehouse Area
 - 1.6.4 Northern Cement Area
 - 1.6.5 Recent land Reclamation Area
 - 1.6.6 Stokes Hill Area
 - 1.6.7 Kitchener Drive Fuel Pipelines and World War II Storage Tunnels
 - 1.6.8 Wharves
- 1.7 Land Tenure and Planning Issues
 - 1.7.1 Land Tenure
 - 1.7.2 Proof of Lease and other Authorisations
 - 1.7.3 Land Claims
 - 1.7.4 Acquisition Requirements
 - 1.7.5 Access Requirements
 - 1.7.6 Zoning
 - 1.7.7 Timeframe and Project Schedule of the Proposed Project

2 Objectives and Benefits of the Proposed Project

- 2.1 Objectives
- 2.2 Benefits
- 2.3 Justification

3 Alternatives

- 3.1 Introduction
- 3.2 Non-Development
- 3.3 Alternative Locations and Layouts for Components of the Proposal
 - 3.3.1 Darwin Convention and Exhibition Centre (DCEC)
 - 3.3.2 Residential development

4 **Project Description**

- 4.1 Introduction
- 4.2 Location Details
- 4.3 Proposed Land uses
- 4.4 Proposed Tenure and Zoning
- 4.5 Major Components of the Proposal
- 4.6 Layout of Major Components
- 4.7 Associated Headworks
- 4.8 Staging of Development

5 Existing Environment

- 5.1 Introduction
 - 5.1.1 Overview
 - 5.1.2 Field Surveys
 - 5.1.3 Literature Review
 - 5.1.4 Consultations
 - 5.1.5 Limits of Site Contamination Information
- 5.2 Physical Environment
 - 5.2.1 Climate and Meteorology
 - 5.2.2 Topography
 - 5.2.3 Geology
 - 5.2.4 Soils
 - 5.2.5 Existing Soil Contamination
 - 5.2.6 Hydrogeology
 - 5.2.7 Existing Groundwater Contamination
 - 5.2.8 Hydrology and Surface Water Quality
 - 5.2.9 Marine Environment
 - 5.2.10 Acid Sulfate Soils
 - 5.2.11 Air Quality
 - 5.2.12 Noise
- 5.3 Biological Environment
 - 5.3.1 Intertidal and Terrestrial Flora
 - 5.3.2 Terrestrial Fauna
 - 5.3.3 Freshwater Biota
 - 5.3.4 Biting Insects
 - 5.3.5 Marine Biota
 - 5.3.6 Ecological Function and Conservation Status of Major Biotic
 - Groups
- 5.4 Built Environment
 - 5.4.1 Existing Land Uses
 - 5.4.2 Visual Characteristics and Values
 - 5.4.3 Road Network and Traffic
- 5.5 Unexploded Ordnance
 - 5.5.1 Overview of UXO Risks across the Project Site
 - 5.5.2 Likelihood of Occurrence of UXO
- 5.6 Cultural Environment
 - 5.6.1 Archaeology and Aboriginal Cultural Heritage
 - 5.6.2 European Cultural Heritage
- 5.7 Socio-economic Environment
 - 5.7.1 Economic Structure
 - 5.7.2 Community attitudes
 - 5.7.3 Outcomes from Stakeholder Interviews

- 5.8 Systems and Habitats
 - 5.8.1 Site Contamination
 - 5.8.2 Acid Sulfate Soils
 - 5.8.3 Terrestrial Ecology
 - 5.8.4 Intertidal and Marine Systems
 - 5.8.5 Use of Current Site Facilities

6 Potential Impacts

6.3

- 6.1 Introduction
- 6.2 Site Contamination
 - 6.2.1 Overview
 - 6.2.2 Soil Contamination
 - 6.2.3 Marine Sediments
 - 6.2.4 Groundwater Contamination
 - 6.2.5 Stages of the Redevelopment
 - Impacts on the Physical Environment
 - 6.3.1 Overview
 - 6.3.2 Geology, Topography and Soils
 - 6.3.3 Acid Sulfate Soils
 - 6.3.4 Hydrogeology
 - 6.3.5 Hydrology and Surface Water Quality
 - 6.3.6 Marine Environment
 - 6.3.7 Noise
 - 6.3.8 Air Quality
- 6.4 Impacts on the Biological Environment
 - 6.4.1 Vegetation and Weeds
 - 6.4.2 Terrestrial Fauna
 - 6.4.3 Marine Ecology
 - 6.4.4 Biting Insects
 - 6.4.5 Impacts on Species of Conservation Significance
- 6.5 Impacts on the Built Environment
 - 6.5.1 Changes to the Existing Built Environment
 - 6.5.2 Unexploded Ordnance
 - 6.5.3 Visual Impacts
 - 6.5.4 Traffic, Roads and Public Transport Network
 - 6.5.5 Construction and Waste Impact
- 6.6 Impacts on the Cultural Environment
 - 6.6.1 Aboriginal Cultural Heritage, Archaeology and Native Title
 - 6.6.2 European Cultural Heritage
- 6.7 Impacts on the Socio-economic Environment
 - 6.7.1 General Economic Impacts
 - 6.7.2 Employment
 - 6.7.3 Demand for Services
 - 6.7.4 Existing Businesses
 - 6.7.5 Sites of Recreational or Other Socio-economic Importance
 - 6.7.6 Visual Amenity, Noise Levels and Recreational Water Quality
- 6.8 Systems and Habitats
 - 6.8.1 Terrestrial Systems
 - 6.8.2 Intertidal and Marine Systems
 - 6.8.3 Use of current site facilities

7 Preliminary Hazard Analysis

- 7.1 Introduction
 - 7.1.1 Aims and Scope
 - 7.1.2 Scope and Methodology
- 7.2 Hazard Scenarios
 - 7.2.1 Biting Insects
 - 7.2.2 Transport and Traffic
 - 7.2.3 Storage, Transfer and Offloading of Fuels and Other Hazardous Materials
 - 7.2.4 Vessel Collision/Grounding
 - 7.2.5 Hydrocarbon Soil and Groundwater Contamination
 - 7.2.6 Unexploded Ordnance (UXO)
 - 7.2.7 Asbestos
 - 7.2.8 Cyclones and Storm Surge
 - 7.2.9 Tsunami/Earthquake
 - 7.2.10 Terrorist Attacks
 - 7.2.11 Snakes and Spiders
 - 7.2.12 Crocodiles

8 Mitigation, Management and Monitoring

- 8.1 Introduction
- 8.2 Site Contamination
 - 8.2.1 Introduction
 - 8.2.2 Staging of Remediation
 - 8.2.3 Soil Remediation
 - 8.2.4 Groundwater Remediation
 - Contaminated Marine Sediment
 - 8.2.5 Acid Sulphate Soils and Contamination
 - 8.2.6 Disposal of Contaminated Material
 - 8.2.7 Management Controls Addressing Contamination Handling Practices
 - 8.2.8 Overview of the Contamination Management Plans
 - 8.2.9 Remediation Action Plan
 - 8.2.10 Construction Environmental Management Plan
 - 8.2.11 Site Management Plan
- 8.3 Physical Environment
 - 8.3.1 Soils
 - 8.3.2 Hydrogeology
 - 8.3.3 Hydrology
 - 8.3.4 Marine Environment
- 8.4 Biological Environment
 - 8.4.1 Vegetation
 - 8.4.2 Terrestrial Fauna
 - 8.4.3 Marine Ecology
 - 8.4.4 Biting Insects
- 8.5 Built Environment
 - 8.5.1 Preliminary Site Activities
 - 8.5.2 Waste Management Register
 - 8.5.3 Air Quality
 - 8.5.4 Noise
 - 8.5.5 Visual Characteristics and Values
 - 8.5.6 Traffic and Transport
 - 8.5.7 Unexploded Ordnance

- 8.6 Cultural Environment
 - 8.6.1 Aboriginal Cultural Heritage, Archaeology and Native Title
 - 8.6.2 European Heritage
- 8.7 Socio-economic Environment
- 8.8 Monitoring and Reporting
 - 8.8.1 Hydrology
 - 8.8.2 Groundwater Monitoring
 - 8.8.3 Vegetation
 - 8.8.4 Fauna
 - 8.8.5 Air Quality
 - 8.8.6 Marine Environment
 - 8.8.7 Reporting Protocol
- 8.9 Environmental Management Plans

9 Public Involvement and Consultation

- 10 Acknowledgements
- 11 Glossary
- 12 References
- 13 Limitations

Volume 2 - Appendices

Appendix A	Guidelines for Preparation of an Environmental Impact Statement on the Proposed Darwin City Waterfront Redevelopment at the Darwin Wharf <i>Office of Environment and Heritage, November 2003</i>
Appendix B	Aboriginal Area Protection Authority Certificate C2004/04 (January 2004)
Appendix C	Darwin Harbour Precinct Marine Sediment Quality Report URS, May 2004
Appendix D	Surface Water Hydrology – Technical Assessment for the Draft EIS URS, February 2004
Appendix E	Hydrogeology – Technical Assessment for the Draft EIS URS, February 2004
Appendix F	DCWR EIS Terrestrial and Intertidal Flora Kristin Metcalfe, March 2004
Appendix G	DCWR Terrestrial Fauna Assessment Indicus Biological Consulting, December 2003
Appendix H	Survey Report on Frog Fauna in the Darwin Wharf Precinct Graeme Sawyer and Ian Morris, April 2004
Appendix I	Biting Insect Report for the DCWR Medical Entomology Branch, Department of Health and Community Services, April 2004
Appendix J	DCWR Preliminary Aboriginal Heritage Assessment Austral Archaeology Pty Ltd, April 2004
Appendix K	Darwin Wharf Area Redevelopment Project – (European) Heritage Sites Review Bob Alford, April 2004
Appendix L	Darwin Wharf Precinct Redevelopment – Noise Assessment SVT Engineering Consultants, May 2004
Appendix M	DCWR Visual Impact Assessment – Technical Assessment for the Draft EIS URS, February 2004
Appendix N	DCWR Traffic Impact Assessment – Technical Assessment for the Draft EIS Connell Wagner, April 2004
Appendix O	DCW Community Consultation Report – Phase 1 SOCOM, January 2004

Appendix P	Meteorological Characteristics of the Darwin Area Bureau of Meteorology, 2003
Appendix Q	Summary of the Existing Structures, Buildings and Infrastructure within the DCWR URS, May 2004
Appendix R	UXO Assessment G-tek Australia Pty Ltd, October 2003
Appendix S	Socio-economic Assessment for the DCWR URS, April 2004
Appendix T	Draft Construction Environmental Management Plan URS, May 2004
Appendix U	Framework for the Operational Environmental Management Plan URS, May 2004
