

## Submission on the referral

### Darwin H2 Project Nominee Pty Ltd – Wak Wak Solar Farm

---

This submission is made under regulation 53 of the Environment Protection Regulations 2020

**Government authority:** Department of the Chief Minister and Cabinet

Section of Referral	Theme or issue	Comment
Section 4, 5.5	People - Community & Economy	<p>The proposal has potential for significant (positive and negative) economic and community impacts due to its large scale and location. The Referral includes commitments to undertake economic and social impact assessments and stakeholder engagement to better understand these impacts which are acknowledged as “uncertain”.</p> <p>Recommendation: Further review of the proposal is needed once potentially significant economic and social impacts have been assessed and mitigation measures identified. Proposed stakeholder engagement, impact assessments and associated management plans should align with the standards referred to in Section 4 of the Referral. The development of a Territory benefit plan would support the proponent’s consideration of positive impacts, including management measures and performance standards.</p>
