**Subject:** \*\*NTPFES Comment\*\* Invite to comment on Referral - Jabiru Power Station

Good afternoon,

The Northern Territory (NT) Police, Fire and Emergency Services (NTPFES) offer the following comments in relation to the Referral - Jabiru Power Station:

- The location of the power station is inside NT Fire Rescue Service (NTFRS) Emergency Response Area (ERA);
- With regards to road crash/response the NTFRS crews will respond as required within the existing capacity as with any other crash, emergency or incident;
- If the timeliness of that response does not adequately mitigate the risk for the power station, then self-funded measures should be implemented; and
- If required the NTFRS can advise the Power and Water Corporation on current capabilities in the vicinity of their proposed power station to inform their risk assessment

Should you require anything further, please do not hesitate to contact this office.

Kind regards,

**Megan Hughes** | Ministerial Liaison Officer
