---

Thank you for the opportunity to comment on the above. Officers of NT WorkSafe have no significant comment to make on the proposal at this time but does remind the proponent of their duties and Obligations under the NT Work Health and Safety (National Uniform Legislation) Act 2011 and Regulations and the Electricity Reform Act and its Regulations.

These duties and obligations will be reviewed once the project commences and there is an expectation that the proponent will consult with NT WorkSafe prior to and during project development to ensure appropriate standards and codes and legislative requirements are met.

Should you have any questions please feel free to contact me.

**Regards**

**Anthony Waite**
