Subject: RE: Invite to comment on Referral - Native vegetation clearing on Ucharonidge Station

Good afternoon,

I have reviewed the Invite to comment on Referral - Native vegetation clearing on Ucharonidge Station and can confirm that there are no heritage or archaeological issues associated with it. The main Referral document has included an Appendix with the heritage advice I sent last year and we consider that all heritage and archaeological issues have been adequately addressed.

No further comments from Heritage Branch in relation to this project.

Kind regards,

Di

I acknowledge Aboriginal people as the Traditional Owners of the country I work on, and their connection to land and community. I pay my respect to all Traditional Owners, and to the Elders both past and present.
