

Submission on Referral

INPEX Operations Australia Pty Ltd – Ichthys LNG Maintenance Dredging Program 2023-2027

This submission is made under regulation 53 of the Environment Protection Regulations 2020

Government authority: Development Assessment Services, DIPL

Section of Referral	Theme or issue	Comment
N/A	Consent under Planning Act 1999	<ul style="list-style-type: none">• The maintenance dredging works proposed will require the current approval to be varied under the <i>Planning Act 1999</i>, as dredging of the Darwin Harbour requires consent under Clause 3.9 <i>DHD – Darwin Harbour Dredging</i>.• The proponent has liaised separately with DIPL Development Assessment Services (DAS) with regard to seeking a variation to the existing development permit. DAS has no specific comments or requirements on the EIS.• INPEX will need to liaise with DIPL Crown Land Estate in relation to any landowner approvals for the required works.
