Subject: RE: Invite to comment on Referral - Paru Road upgrade on Melville Island - DITT response

Good Morning Kylie,

DITT have looked at the submission, and have no comments on the potential impact to the environment.

There are no current mineral titles over the proposed work area.

We would like it to be noted that there is an application in place over the affected area for a Petroleum Exploration Permit – EP216.

The applicant for the EP216 is MBS Oil Pty Ltd (100%), and contact for this title is:
