EASTSIDE LEVEE PROPOSAL TODD RIVER FLOOD MITIGATION – ALICE SPRINGS

PUBLIC ENVIRONMENTAL REPORT PUBLIC COMMENT INVITED

The Alice Springs Town Council proposes to construct a flood protection levee to serve the Eastside Area of Alice Springs. The proposed levee would be constructed in parkland adjacent to the Todd River, between Grosse Street and McMinn Street.

In accordance with the provisions of the *Northern Territory Environmental Assessment Act*, a Public Environment Report (PER), which describes the project proposal and its potential environmental effects, has been prepared. This document will be available for Public Review from Monday 12 June to Friday 7 July, 2000. During this period, the document may be examined at the following locations:

- Department of Lands, Planning and Environment, 21 Gregory Terrace Alice Springs;
- Department of Lands, Planning and Environment, 55 North Stuart Highway, Alice Springs;
- Alice Springs Public Library, Civic Centre, Todd Street, Alice Springs;
- Chief Minister Office, 1st Floor, Greatorex Building, Alice Springs;
- DLPE Environment and Heritage Division, 2nd Floor, Darwin Plaza Building, Smith Street Mall, Darwin.

The PER can be viewed on DLPE's Internet site at:

<http://www.lpe.nt.gov.au/enviro/eiareg/>

The PER will also form the basis for issuing a licence under the "Water Act" and any conditions to be incorporated into the licence.

All interested person and organisations wishing to comment on the PER and the draft licence for the EASTSIDE LEVEE PROPOSAL are invited to make written submissions by close of business on Friday 7 July, 2000 to:
