SECTION 14 INCIDENT REPORT

Waste Management and Pollution Control Act 1998

Company / Person	Heidi Yates, Nhulunbuy Corporation Limited
Description of Incident	A fire occurred in the active tip face at the facility on 24 August 2026 and remains a light at the time of this report. The material burning is mixed general (municipal) waste and green waste/mulch in the working face. The pollution arising is smoke.
Date and time of incident	24 August 2026
Location	Gove Peninsula Waste Management Facility

Immediate Action

Earthmoving equipment was used to place soil and clean fill over the burning material to smother the fire and reduce smoke emissions. Work to extinguish the fire and manage smoke emissions was ongoing at the time of reporting. The thermal imaging drone will continue to be deployed on a weekly basis to monitor conditions and track progress until extinguishment.
