## LIQUID WASTE TREATMENT FACILITY

### Public Environmental Report

### PUBLIC COMMENT INVITED

N T Resource Recovery proposes to construct and operate a Liquid Waste Treatment Facility at Mendis Road, Hudson Creek which will provide waste management services to the Port of Darwin and industries throughout the Northern Territory. The Facility will be capable of storing, treating and/or recycling most industrial liquid wastes. The treatment facility will be supported by a laboratory, workshop, administrative section, industrial cleaning unit and a fleet of road tankers.

In accordance with the provisions of the *Northern Territory Environmental Assessment Act*, a Public Environmental Report (PER) has been prepared. The PER describes the project proposal and the potential environmental impacts. This document will be available for public review from Wednesday, October 25, 2000 to Wednesday, November 22, 2000. During this period the PER may be examined at the following locations:

- Department of Lands, Planning and Environment, Ground Floor, 38 Cavanagh Street, Darwin.
- N T Library, Parliament House, Darwin.
- Darwin City Council Library, Civic Centre, Harry Chan Ave, Darwin.
- Casuarina Public Library, Bradshaw Terrace, Casuarina.

The Report can be viewed on the Internet for the duration of the public review period at [www.lpe.nt.gov.au/eia](http://www.lpe.nt.gov.au/eia). Interested persons and organisations wishing to comment on the PER for the Liquid Waste Treatment Facility are invited to make written submissions by the close of business on Wednesday, November 15, 2000 to:
