

Submission on Referral

Santos – Darwin Pipeline Duplication

Government authority: Department of Infrastructure, Planning and Logistics - Lands and planning

Summary:

Section of Referral	Theme or issue	Comment
		<ul style="list-style-type: none">• The proponent has identified that part of the proposal is on zoned land (under the NT Planning Scheme) and may be able to utilise existing development permits in force. The proponent is encouraged to contact DIPL (Development Assessment Services) at its earliest opportunity to discuss planning requirements as further approvals may be required.• The proponent should also contact DIPL (Land Development) prior to finalising the alignment of the pipeline in order to ensure it is optimally located in the context of other infrastructure within Darwin Harbour.
