RE: Draft Advice - Response to Dr Allan Hawke's Review of the Northern Territory's Environmental Assessment and Approval Processes.

Dear Sir/Madam

The Environment Centre NT (ECNT) welcomes the opportunity to provide comment and feedback on the 'Draft Advice regarding Dr Allan Hawke's Review of the Northern Territory's Environmental Assessment and Approval Processes'.

The Environment Centre NT has reviewed the Environmental Defenders Office NT's (EDONT) submission on the 'Draft Advice regarding Dr Allan Hawke's Review of the Northern Territory's Environmental Assessment and Approval Processes' and fully supports the EDONT's submission. For that reason, we are adopting EDONT's submission with no changes for the purposes of ECNT and submitting it the NTEPA for consideration.

Yours faithfully,

Glenn Evans

Acting Executive Officer
