Dear Ms Bradley

Re: Invite to comment - TNG Limited – Darwin Processing Facility– Supplement to the draft EIS

Thank you for the opportunity to comment on the Supplement to the draft EIS for the Darwin Processing Facility proposed by TNG Limited.

The Fisheries Division of the Department of Industry, Tourism and Trade (DITT) have reviewed the supplementary documents and have advised that the changes made to the proposal, specifically the move to a zero waste water discharge production system via the introduction of a waste water treatment plant, have addressed their previous comments on the draft EIS (February 2020) and no further comment needs to be made.

Please contact Glenn Schipp, Director Fisheries and Aquaculture, Fisheries Division on 08 8999 2213 or via email at glenn.schipp@nt.gov.au if you require any further information.

Yours sincerely

BRETT EASTON
Director, Resource Policy and Reform
