

Application for NT CDS Supplier Registration

This is the approved form for an application to register as a CDS supplier under the *Environment Protection (Beverage Containers and Plastic Bags) Act 2014* (the Act).

The Container Deposit Scheme (CDS)

Beverage suppliers (manufacturers, distributors and importers) must hold a CDS supplier registration to supply regulated containers for sale in the Northern Territory (NT).

Complete each section in the form, including all fields marked with an asterisk (*), and the declaration. Failure to provide a complete application will delay consideration of your application.

Further information about the NT container deposit scheme (CDS) and CDS supplier registration is available at [Container deposit scheme industry information](#).

Supplier arrangement

A supplier arrangement is a waste management arrangement between a supplier and an approved CDS coordinator. It provides for regulated containers supplied in the Northern Territory by a CDS supplier and includes provisions to deal with matters such as payment by a supplier to a CDS coordinator for costs associated with including the containers in the CDS.

CDS Supplier Registration Application

To satisfy the requirements for CDS supplier registration, a CDS supplier must always maintain a supplier arrangement.

Regulated containers

Each regulated container must satisfy the following requirements for supply in the Northern Territory:

- the container materials (including the labels) must be suitable for recycling or reuse
- the container must bear the approved refund marking
- the way the refund marking is applied is not likely to render the container unsuitable for recycling, for example it is not likely to be detached from the container when the contents are consumed (such as if applied to the lid)
- the supplier must have a supplier arrangement with an approved CDS coordinator for the container.

Suitability of containers for recycling or reuse

CDS coordinators are best placed to assist with questions about whether a container (including the label) or its materials are recyclable or reusable.

The approved CDS coordinators are available here [Container deposit scheme industry information](#).

1. Applicant's Details

Supplier name* Full name/s of the organisation or person/s applying for registration ¹		
Company and/or Business number* Provide one or more number as applicable	ABN ²	
	ACN ³	
	Other business or company ID ⁴	
Company Website*		
Primary contact*	Name*	
	Email address*	
	Phone number*	
Contact for this application (if different to the primary contact)	Name	
	Email address	
	Phone number	
Business Address* Enter the registered business address of the supplier		
Postal Address (if different from business address)*		

¹ If the supplier is a partnership or trust enter the full name of each person that represents the partnership or trust

² Australian Company Number is a 9-digit number issued by the Australian Securities and Investments Commission. If the supplier is a registered Australian company enter the ACN.

³ ABN – Australian Business Number is an 11-digit number issued by the Australian Business Register and used to identify an Australian business (e.g. sole traders, trusts and partnerships). If the supplier is an Australia business enter the ABN

⁴ Other business or company ID – for a registered business or company outside of Australia

2. Applicant Declaration⁵

I, _____, solemnly and sincerely declare as follows:

1. The supplier named in section 1 of this form (the supplier) has a supplier arrangement with an approved CDS coordinator (the supplier arrangement).
2. The supplier arrangement includes provisions that deal with each of the following matters:
 - collection, sorting, aggregation and transportation of the containers when empty;
 - the reuse or recycling of the containers when empty;
 - payments to be made by the supplier to the CDS coordinator in relation to dealing with the containers accepted by the coordinator;
 - a dispute resolution process for settling disputes between the parties to the arrangement;
 - the supplier arrangement contains only provisions that are appropriate for the CDS, and does not contain provisions inconsistent with the Act.
3. Each regulated container that the supplier currently supplies or will supply in the Northern Territory (NT) is or will be (at the time of supply in the NT):
 - the subject of a supplier arrangement to which the supplier is party
 - made of materials suitable for recycling and reuse
 - bear the approved refund marking, and the way the refund marking is applied does not render the container unsuitable for recycling

I declare that the statements contained in this declaration are true and I know that it is an offence⁶ to make a declaration that is false in any material particular.

SIGNED⁷:

Date:

⁵This is an unattested declaration under section 21 of the *Oaths, Affidavits and Declarations Act 2010*.

⁶Section 119 of the *Criminal Code Act 1983 (NT)* provides that a person making an unattested declaration that in any material particular is to his or her knowledge false is guilty of a crime and is liable to imprisonment for 3 years.

⁷This unattested declaration does not need to be witnessed.

3. Application checklist and submission

Ensure you have completed the items below and then submit the completed application form and supplier arrangement to containerdeposit@nt.gov.au

- Applicant details section completed (this form)
- Applicant declaration completed and signed (this document)
- Supplier arrangement is executed (signed) by the applicant and an approved CDS coordinator (attached to application form)

4. Further Information

If you require further information about the requirements for applying to become a registered CDS supplier:
