

ENVIRONMENT PROTECTION LICENCE

(Pursuant to section 34 of the *Waste Management and Pollution Control Act*)

Licensee	Seoul Traders Pty Ltd
Licence Number	EPL394 - 01
Registered Business Address	Seoul Traders Pty Ltd 37 bishop Street woolner NT 0820
ACN	68 804 239
ABN	39 613 804 239
Premises Address	Lot 00858 Town of Darwin plan(s) LTO98/083 37 BISHOP ST WOOLNER
Anniversary Date:	05 February
Commencement Date:	05/02/2025
Expiry Date:	04/02/2030
Scheduled Activity	Collecting, transporting, storing, re-cycling, treating or disposing of a listed waste (as per Table 1) on a commercial or fee for service basis, other than in or for the purpose of a sewage treatment plant. Operating premises, other than a sewage treatment plant, associated with collecting, transporting, storing, re-cycling, treating or disposing of a listed waste (as per Table 1) on a commercial or fee for service basis.
Description	Collection and transport of listed waste (tyres), and the storage and treatment (by baling) of listed waste (tyres) at the licensed premises.

SUSPENDED

ENVIRONMENT PROTECTION LICENCE 394 - 01

INFORMATION ABOUT THIS LICENCE

- This licence does not in any way relieve the licence holder from its obligations to comply with the WMPC Act, including the general environmental duty in section 12 of the WMPC Act and the duty to notify of incidents causing or threatening to cause pollution under section 14 of the WMPC Act.

Duration of a licence (section 40, 43 and 45 of the WMPC Act)

- A licence will remain in force until its expiry date or until it is surrendered by the licensee or is suspended or cancelled in accordance with the WMPC Act.
- The licensee must notify the Northern Territory Environment Protection Authority (NT EPA) within 14 days after ceasing to conduct the activity.
- The licensee may, with the approval of the NT EPA, surrender the licence to the NT EPA.

Amendment or Revocation of a licence (section 37 of the WMPC Act)

- The licensee may apply to amend or revoke a condition of this licence.
- A fee applies and the application must be made using the designated form via NT EPA Online.
- The NT EPA may also amend or revoke a condition of this licence as set out in section 38 of the WMPC Act.

Transfer of a licence (section 46 of the WMPC Act)

- The licensee can apply to transfer their licence to another person.

Renewal of a licence (section 40 of the WMPC Act and section 2 of the Regulations)

- The licensee may apply for the renewal of their licence no earlier than 90 days, and not later than 30 days, before their licence expires.
- A fee applies and the application must be made via NT EPA Online.

Public Register

- A copy of environment protection licences and any plans for environmental management, reports, submissions or documents required as a condition of an environment protection licence will be placed on a register in accordance with section 9 of the WMPC Act.
- A copy of the Annual Return will be placed on the register.
- The NT EPA makes this register freely available from the NT EPA website.

Environment Protection Objectives (Part 4 of the WMPC Act), and Water Quality Standards (section 73 of the *Water Act 1992*)

- An Environment Protection Objective (EPO) is a statutory instrument to establish principles on which:
 - a. environmental quality is to be maintained, enhanced, managed or protected;
 - b. pollution, or environmental harm resulting from pollution, is to be assessed, prevented, reduced, controlled, rectified or cleaned up; and
 - c. effective waste management is to be implemented or evaluated.
- In accordance with section 18 of the WMPC Act a beneficial use, quality standard, criteria or objective declared under section 73 of the *Water Act 1992* and in force is an environment protection objective for the purposes of the WMPC Act.

ENVIRONMENT PROTECTION LICENCE 394 - 01

- The following EPOs and Beneficial Use Declarations (BUDs) are relevant to this licence:
 - All beneficial uses within the area the waste transport vehicles operate. Refer to: Beneficial water use and declared areas | NT.GOV.AU

Environmental Interests

- This section highlights sensitivity of the surrounding land use and environment associated with the location of the approved activity.
- Sites of Conservation Significance:
 - All Sites of Conservation Significance within the area the waste transport vehicles operate. Refer to: Sites of conservation significance list | NT.GOV.AU
- Ramsar Wetland:
 - Refer to: Ramsar wetland sites | NT.GOV.AU

Cultural Interests

- It is the licensee's responsibility to contact the Aboriginal Areas Protection Authority, appropriate land council or other governing body and ensure that any Authority Certificates required as a result of conducting the licenced activity are obtained and complied with.

SUSPENDED

ENVIRONMENT PROTECTION LICENCE 394 - 01

RULES FOR INTERPRETING THE CONDITIONS OF THIS LICENCE

- Where there is a discrepancy between the conditions of this licence and any plan, standard, guideline or other document referred to in this licence, the conditions of this licence prevail to the extent of the inconsistency.
- Any reference to any standard (Australian or international) in this licence means the relevant parts of the current version of that standard.
- A reference to any guideline or code of practice (or to the relevant parts of any guideline or code of practice) in this licence means the current version of the guideline or code of practice.
- Under section 39 of the WMPC Act, any contravention of or failure to comply with this licence by the licensee may be an offence.
- In determining whether the licensee has committed an offence, the licensee may be liable for the conduct of its directors, employees or agents.
- The licensee should ensure that each of its directors, employees, contractors or agents are aware of, and comply with, this licence.
- In this licence, unless the contrary intention appears, words that are defined in the WMPC Act are intended to have the meaning given to them in that Act.

SUSPENDED

LICENCE CONDITIONS

GENERAL

- 1 The licensee must ensure the contact details recorded in NT EPA Online for this licence are correct at all times.
- 2 The licensee must at all times have a 24 hour emergency contact.
- 3 The licensee must pay via NT EPA Online the annual fee calculated in accordance with the method prescribed in the Regulations within 10 business days of the anniversary date of this licence, for each year or part of a year that this licence is in force.
- 4 The licensee must cause clear and legible signage, in English, to be displayed in a prominent location at each public entrance to the premises that includes the following details:
 - 4.1 environment protection licence number issued under the WMPC Act; and
 - 4.2 24 hour emergency contact details.
- 5 The licensee must cause a copy of this licence to be available for inspection by any person, in hard copy form, at the premises.
- 6 The licensee must provide to the NT EPA, within 10 business days of a request, a copy of any document, monitoring data or other information in relation to the activity, in the format requested by the NT EPA.
- 7 All notices, reports, documents or other correspondence required to be provided as a condition of this licence, unless otherwise specified as a condition of this licence, must be provided in electronic form by uploading the document via NT EPA Online (or by emailing environmentalregulation@nt.gov.au).
- 8 The licensee must implement, maintain and follow the documents listed in Table 2.

Table 2 - Documents Relative to the Licensed Activity

Document	Reference
Environment Management Plan	Recycle Tyres & Metal P/L

- 9 Within 10 business days of any amendment being made to a document listed in Table 2 the licensee must provide the amended document to the NT EPA, along with:
 - 9.1 a tabulated summary of the amendment(s) with document references;
 - 9.2 reasons for the amendment(s); and
 - 9.3 an assessment of environmental risk associated with the amendment(s).
- 10 The NT EPA may require the licensee to revise or amend and resubmit any amended document. Where the NT EPA requires a document to be resubmitted, the licensee must submit it to the NT EPA by the date specified by the NT EPA.
- 11 The licensee must implement, maintain and follow an Emergency Response Plan that addresses procedures for responding to emergencies associated with the activity that may cause environmental harm.

ENVIRONMENT PROTECTION LICENCE 394 - 01

EARLY SURRENDER OF LICENCE

- 12 Any reports, records or other information required or able to be provided by the licensee under this licence must be submitted to the NT EPA prior to the licensee surrendering the licence. If the date on which a report, record or other information is required falls after the date the licensee requests to surrender this licence, the licensee must provide the report, record or information as far as possible using data available to the licensee up to and including the date the request to surrender the licence is made.

OPERATIONAL

- 13 The licensee must not collect, transport, store, recycle, treat or dispose of listed waste other than the listed waste specified in Table 1.
- 14 The licensee must not store more than a combined total of 60 tonnes of unprocessed and processed waste tyres at the premises.
- 15 The licensee must provide to the NT EPA by the 7th day of each month, an inventory of each day of the preceding month showing:
- 15.1 Total tonnage of unprocessed waste tyres at the premises at the start of each day; and
 - 15.2 Total tonnage of processed waste tyres at the premises at the start of each day; and
 - 15.3 The tonnage of all:
 - 15.3.1 Unprocessed waste tyres received at the premises that day; and
 - 15.3.2 Processed waste tyres received at the premises that day; and
 - 15.3.3 Unprocessed waste tyres leaving the premises that day; and
 - 15.3.4 Processed waste tyres leaving the premises that day.
- 16 The licensee must keep a detailed record of:
- 16.1 The name of the person, the company details, the vehicle registrations and the weight of unprocessed or processed waste tyres, each time any unprocessed or processed waste tyres are transported from the premises; and
 - 16.2 The exact destination of each transport of processed and unprocessed tyres from the premises.
- 17 The licensee must ensure any plant and equipment used by the licensee in conducting the activity:
- 17.1 is reasonably fit for the purpose and use to which it is put;
 - 17.2 is maintained;
 - 17.3 is operated by a person trained to use the plant and equipment; and
 - 17.4 is operated by, or operated by a person accompanied by, a person trained to handle, store or dispose of listed waste in connection with the activity.
- 18 The licensee must cause to be carried with the vehicle used to transport listed waste:
- 18.1 a legible copy of this licence;
 - 18.2 a legible manifest of the load being carried;
 - 18.3 spill response equipment that is suitable for the load being carried; and

ENVIRONMENT PROTECTION LICENCE 394 - 01

18.4 for interstate transport, a waste transport certificate.

- 19 The licensee must cause listed waste to be transported in a manner that ensures listed wastes do not escape, spill or leak from the transport vehicle at any time.
- 20 The licensee must ensure that wastewater generated from washing plant and equipment associated with the activity does not cause pollution.
- 21 The licensee must ensure that all materials that are likely to cause environmental harm are handled and stored in areas with a containment system in accordance with the relevant Australian Standard. Where no relevant Australian Standard exists, the containment system must be sized to contain 110% of the volume of the largest container within the area.
- 22 The licensee must ensure that all listed waste being transported to and from the premises is transported by a person licenced to transport the listed waste.
- 23 The licensee must ensure that all listed waste is delivered to a premises licenced to receive that listed waste.
- 24 The licensee must comply with the National Environment Protection (Movement of Controlled Wastes between States and Territories) Measure.

DISCHARGES AND EMISSIONS

- 25 The licensee must ensure there is no migration or overflow of a contaminant or waste, which causes or may cause environmental harm, beyond the boundary of the land on which the premises are located. (For the avoidance of doubt, this condition is not intended to authorise the discharge of a contaminant or waste to any land or water which discharge has not been specifically authorised by another condition of this licence.)
- 26 The licensee must not allow a contaminant or waste, which causes or may cause environmental harm, to enter water.
- 27 The licensee must ensure that stormwater does not come into contact with a contaminant or waste, which causes or may cause environmental harm.

RECORDING AND REPORTING

- 28 The licensee must keep and maintain records relating to the activity undertaken and the listed waste handled by the licensee in each successive 12 month period following the commencement of this licence, which include:
- 28.1 the date of collection;
 - 28.2 the source of the listed waste;
 - 28.3 the name of the transport company, if not the licensee;
 - 28.4 the vehicle registration;
 - 28.5 a description of the listed waste;
 - 28.6 the quantity of the listed waste;
 - 28.7 the final destination of the listed waste; and
 - 28.8 whether the listed waste was stored, recycled, treated or disposed of.
- 29 The licensee must retain records relating to waste, including listed waste, as required by the conditions

ENVIRONMENT PROTECTION LICENCE 394 - 01

of this licence, for a period of 2 years after the end of the 12 month period to which the record relates.

- 30 The licensee must keep records of all non-compliances with this licence. These records must be adequate to enable the licensee to comply with the non-compliance notification conditions of this licence.
- 31 The licensee must notify the NT EPA of any non-compliance with this licence by completing the Non-Compliance Notification via NT EPA Online (or by emailing environmentalregulation@nt.gov.au), as soon as practicable after (and in any case within 24 hours after) first becoming aware of the non-compliance.
- 32 The licensee must include in the notification of non-compliance the following information:
- 32.1 when the non-compliance was detected and by whom;
 - 32.2 the date and time of the non-compliance;
 - 32.3 the actual and potential causes and contributing factors to the non-compliance;
 - 32.4 the risk of environmental harm arising from the non-compliance;
 - 32.5 the action(s) that have or will be undertaken to mitigate any environmental harm arising from the non-compliance;
 - 32.6 corrective actions that have or will be undertaken to ensure the non-compliance does not reoccur;
 - 32.7 if no action was taken, why no action was taken; and
 - 32.8 a date when an incident investigation report will be submitted to the NT EPA.
- 33 The licensee must submit a completed Annual Return form to environmentalregulation@nt.gov.au within 10 business days after each anniversary date of this licence, which relates to the preceding 12 month period.

PERFORMANCE IMPROVEMENT

- 34 The licensee must provide the NT EPA with an Emergency Response Plan by 30 April 2025.
- 35 The Emergency Response Plan must be:
- 35.1 sufficiently scoped to address the risks associated with the licensed activity; and
 - 35.2 prepared by a suitably qualified person; and
 - 35.3 accompanied with the qualifications and experience of the suitably qualified person that prepared the Plan; and
 - 35.4 submitted to the NT EPA in accordance with condition 7 of this licence.

END OF LICENCE CONDITIONS

This licence is not valid unless signed below:

Ben McTavish
A/Director Environmental Operations
Delegate of the Northern Territory
Environment Protection Authority
Dated: 21/03/2025

SUSPENDED

ENVIRONMENT PROTECTION LICENCE 394 - 01

DEFINITIONS

All terms in the Licence which are defined in the *Waste Management and Pollution Control Act* have the meaning given in that Act unless otherwise or further defined in this section.

DEFINITION	In this licence, unless a contrary intention appears:
24 hour emergency contact	the phone number of a person who can be contacted at any time and be capable of responding to and providing information about any incident associated with the activity.
Activity	the Scheduled activity as described on the covering page of this licence.
Annual Return	a NT EPA prescribed format for demonstrating and reporting compliance with the conditions of this licence and providing information on waste volumes for the preceding 12 month period.
Business days	a day not Saturday, Sunday or a public holiday, in the Northern Territory.
Listed waste	a waste included under Schedule 2 of the Regulations.
Non-compliance notification	an NT EPA prescribed format for notifying the NT EPA of a non-compliance.
NT EPA Online	online system for Environment Protection Licence (EPL), Environment Protection Approval (EPA) and Waste Discharge Licence (WDL) lodgement and maintenance.
Regulations	<i>Waste Management and Pollution Control (Administration) Regulations 1998</i> .
Suitably qualified person	means a person who has professional qualifications, training, skills or experience relevant to the nominated subject matter and can give authoritative assessment, advice and analysis to performance relative to the subject matter using the relevant protocols, standards, methods or literature.
Waste transport certificate	the NT EPA waste tracking documentation used to track listed waste being transported interstate as required in accordance with the National Environment Protection (Movement of Controlled Waste Between States and Territories) Measure.
Wastewater	water that contains a contaminant or waste.
WMPC Act	the Northern Territory <i>Waste Management and Pollution Control Act 1998</i> .
