

WATER MONITORING REPORT

September 2023 – September 2024

ABSTRACT

This document has been provided to support the assessment of the accompanying Application for a Waste Discharge Licence under the Water Act. This document has been prepared with reference to the Guidelines on Waste Discharge Licencing, the Statement of Effect for the sea cucumber aquaculture facility and 15 years of experience in sea cucumber aquaculture in the NT.

Water Monitoring Report 2023-24

Summary

No monitoring undertaken because there were no sea cucumber aquaculture operations at the site during the reporting period (11/09/2023 – 11/09/2024) and subsequently no animal waste or residue, storage, treatment, recycling, or disposal occurred.

Certification

I Sheryl Priest of Tasmanian Seafoods Pty Ltd prepared this report and I confirm to the best of my knowledge and ability that all information provided in this report is true and accurate.

A handwritten signature in black ink, appearing to read "S. Priest".
