RE: Letter of Comment

Invitation to comment - Adelaide River Off-stream Water Storage (AROWS)

Thank you for the opportunity to provide comments for the Proponent Initiated Environmental Impact Statement Referral (PIER) for the Adelaide River Off-stream Water Storage (AROWS) by the Department of Logistics and Infrastructure (DLI). This letter may be tabled at Litchfield Council's next Council Meeting. Should this letter be varied or not endorsed by Council, you will be advised accordingly.

Council has reviewed the provided documents and details of the referral and supports the requirement for a formal Environmental Impact Statement (EIS) as required under the *NT Environment Protection Act 2019*.

Council will work with the Department of Logistics and Infrastructure as needed in relation to information and data required for assessments relating to roads and drainage to inform the EIS process. Further, Council supports detailed and regular stakeholder engagement, particularly in relation to residents within our municipality and any impacts to their amenity or properties.

Council looks forward to participating in and reviewing the next stages of the AROWS project.

If you require any further discussion in relation to this letter of comment please contact Litchfield Council on 08 8983 0600.

Kind Regards,

Jaimie O'Connor
Planning and Development Program Leader
