

Volume 1 - Main Report

Executive Summary	ES-1
1 Introduction	1-1
1.1 The proposal	1-1
1.2 Proponent details	1-1
1.3 Project name and location	1-2
1.4 Overview of the proposed project	1-2
1.4.1 Scale and type of operations	1-2
1.4.2 Ore reserves and production	1-5
1.4.3 Exploration access	1-5
1.4.4 Project construction and operational timeframe	1-6
1.4.5 Existing infrastructure and facilities	1-7
1.5 Extent of previous exploration or mining activities	1-7
1.6 Project benefits and justification	1-8
1.6.1 Benefits	1-8
1.6.2 Justification	1-9
1.7 Project alternatives	1-9
1.7.1 Consequences of not proceeding	1-9
1.7.2 Alternative mining methodologies and locations	1-10
1.7.3 Alternative operations and management	1-11
1.8 Environmental assessment process	1-15
1.8.1 Northern Territory	1-15
1.8.2 Commonwealth	1-16
1.8.3 Bilateral Agreement	1-17
1.9 Relevant Government legislation and policies	1-20
1.9.1 Legislation	1-20
1.9.2 Matilda Minerals Environmental Policy	1-21
1.9.3 Other codes of management	1-23
1.10 EIS structure	1-23
2 Project Description	2-1
2.1 Construction works and clearing	2-1
2.1.1 Andranangoo Creek West	2-1

Table of Contents

2.1.2	Lethbridge Bay West	2-2
2.2	Mining, processing and tailings disposal	2-3
2.3	Water management	2-9
2.4	Fuel, oils, chemicals and consumables	2-12
2.5	Infrastructure	2-14
2.5.1	Roads	2-14
2.5.2	Port facilities	2-15
2.5.3	Communications	2-15
2.5.4	Camp	2-15
2.5.5	Infrastructure area	2-16
2.6	Materials transport	2-16
2.7	Workforce and accommodation	2-16
2.8	Management, maintenance and administrative requirements	2-18
3	Climate	3-1
4	Land Tenure and Land Use	4-1
4.1	Land tenure	4-1
4.2	Land use	4-1
4.2.1	Residential	4-1
4.2.2	Tourism	4-1
4.2.3	Forestry	4-2
4.2.4	Fishing/Aquaculture	4-2
4.2.5	Hunting	4-4
4.2.6	Other land uses	4-4
5	Landforms	5-1
5.1	Existing conditions	5-1
5.1.1	Soil types	5-1
5.1.2	Tailings Size Analysis	5-1
5.1.3	Acid sulphate soils	5-2
5.2	Objectives and standards	5-3
5.3	Definition of issues and impacts	5-3
5.4	Management	5-4
5.5	Commitments	5-4
6	Storm Surge	6-1
6.1	Existing conditions	6-1
6.2	Objectives and standards	6-2
6.3	Definition of issues and impacts	6-2
6.4	Management	6-3

6.5	Commitments -----	6-4
7	Surface Water -----	7-1
7.1	Existing conditions-----	7-1
7.1.1	Andranangoo Catchment -----	7-1
7.1.2	Aliu (Jessie) Creek catchment -----	7-6
7.2	Objectives and standards-----	7-11
7.3	Definition of issues and impacts -----	7-12
7.3.1	General – Andranangoo and Lethbridge -----	7-12
7.3.2	Andranangoo -----	7-14
7.3.3	Lethbridge -----	7-15
7.4	Management -----	7-16
7.4.1	Andranangoo and Lethbridge landform -----	7-16
7.4.2	Andranangoo and Lethbridge erosion and drainage -----	7-17
7.4.3	Andranangoo and Lethbridge water quality -----	7-22
7.4.4	Rainfall monitoring -----	7-23
7.4.5	Flow measurement -----	7-23
7.4.6	Reporting -----	7-23
7.5	Commitments -----	7-24
8	Groundwater -----	8-1
8.1	Existing conditions-----	8-1
8.1.1	Geology -----	8-1
8.1.2	Groundwater geology and aquifer occurrence -----	8-2
8.1.3	Groundwater supply -----	8-3
8.1.4	Groundwater supply and monitoring bores -----	8-3
8.1.5	Groundwater levels and flow -----	8-5
8.1.6	Groundwater chemistry -----	8-8
8.2	Objectives and standards-----	8-10
8.3	Definition of impacts and issues -----	8-11
8.3.1	Groundwater models -----	8-11
8.3.2	Predicted drawdown from supply bores -----	8-13
8.3.3	Groundwater drawdown impacts -----	8-18
8.4	Management -----	8-20
8.4.1	Groundwater monitoring -----	8-20
8.5	Commitments -----	8-21
9	Flora -----	9-1
9.1	Existing conditions-----	9-1
9.1.1	Floristics -----	9-2

Table of Contents

9.1.2	Vegetation communities-----	9-3
9.1.3	Vegetation types of areas to be disturbed -----	9-12
9.1.4	Significant flora species -----	9-14
9.1.5	Weeds-----	9-18
9.2	Objectives and standards-----	9-20
9.3	Definition of issues and impacts -----	9-22
9.4	Management -----	9-23
9.5	Commitments -----	9-24
10	Fauna-----	10-1
10.1	Existing conditions-----	10-2
10.1.1	Fauna species -----	10-2
10.1.2	Fauna habitats and impacts-----	10-2
10.1.3	Feral animals-----	10-7
10.1.4	Significant fauna species -----	10-10
10.2	Objectives and standards-----	10-14
10.3	Definition of issues and impacts -----	10-16
10.4	Management -----	10-17
10.5	Commitments -----	10-18
11	Sea Turtles -----	11-1
11.1	Existing conditions-----	11-2
11.2	Objectives and standards-----	11-6
11.3	Definition of issues and impacts -----	11-7
11.4	Management -----	11-7
11.5	Commitments -----	11-8
12	Air Quality -----	12-1
12.1	Existing air quality -----	12-1
12.2	Objectives and standards-----	12-1
12.3	Definition of issues and impacts -----	12-2
12.3.1	Dust -----	12-2
12.3.2	Greenhouse emissions-----	12-3
12.4	Management -----	12-4
12.5	Commitments -----	12-5
13	Noise -----	13-1
13.1	Existing Conditions -----	13-1
13.2	Objectives and standards-----	13-1
13.3	Definition of issues and impacts -----	13-2
13.4	Management -----	13-2

	13.5 Commitments -----	13-3
14	Radiation-----	14-1
	14.1 Existing conditions-----	14-1
	14.2 Objectives and standards-----	14-3
	14.3 Definition of issues and impacts -----	14-4
	14.4 Management -----	14-4
	14.5 Commitments -----	14-5
15	Fire-----	15-1
	15.1 Existing conditions-----	15-1
	15.2 Objectives and standards-----	15-2
	15.3 Definition of issues and impacts -----	15-3
	15.4 Management -----	15-3
	15.5 Commitments -----	15-5
16	Hydrocarbons and Hazardous Substances-----	16-1
	16.1 Background-----	16-1
	16.2 Existing conditions-----	16-1
	16.3 Objectives and Standards -----	16-1
	16.4 Definition of issues and impacts -----	16-2
	16.5 Management -----	16-3
	16.6 Commitments -----	16-4
17	Waste Management -----	17-1
	17.1 Existing Conditions -----	17-1
	17.1.1 Construction waste -----	17-1
	17.1.2 General operational waste-----	17-1
	17.1.3 Sand tailings -----	17-1
	17.2 Objectives and standards-----	17-1
	17.3 Definition of issues and impacts -----	17-2
	17.4 Waste management-----	17-3
	17.5 Commitments -----	17-3
18	Biting Insects-----	18-1
	18.1 Background-----	18-1
	18.2 Existing conditions-----	18-2
	18.3 Objectives and standards-----	18-3
	18.4 Definition of issues and impacts -----	18-3
	18.5 Management -----	18-4
	18.6 Commitments -----	18-4
19	Socio-economic -----	19-1

Table of Contents

19.1	Existing conditions-----	19-1
19.1.1	Population -----	19-2
19.1.2	Employment and income-----	19-4
19.1.3	Education and training-----	19-6
19.1.4	Sport and recreation -----	19-9
19.1.5	Housing-----	19-10
19.1.6	Health-----	19-11
19.1.7	Justice issues-----	19-11
19.1.8	Selected statistics-----	19-12
19.1.9	Regional economy-----	19-14
19.1.10	Other infrastructure -----	19-15
19.2	Objectives and standards-----	19-15
19.3	Definition of issues and impacts -----	19-16
19.4	Management -----	19-18
19.5	Commitments -----	19-19
20	Historic and cultural heritage values-----	20-1
20.1	Existing conditions-----	20-1
20.1.1	Aboriginal -----	20-1
20.1.2	Aboriginal Areas Protection Authority -----	20-2
20.1.3	European-----	20-2
20.2	Objectives and standards-----	20-5
20.3	Definition of issues and impacts -----	20-6
20.4	Management -----	20-7
20.5	Commitments -----	20-8
21	Rehabilitation and mine closure -----	21-1
21.1	Introduction-----	21-1
21.2	Rehabilitation -----	21-2
21.2.1	Rehabilitation objectives -----	21-2
21.2.2	Rehabilitation methodology -----	21-2
21.2.3	Rehabilitation constraints -----	21-5
21.2.4	Review of rehabilitation research -----	21-6
21.2.5	Rehabilitation monitoring and reporting -----	21-9
21.2.6	Contingency planning-----	21-9
21.3	Mine closure-----	21-10
21.3.1	Mine closure objectives -----	21-10
21.3.2	Mine closure completion criteria -----	21-11
21.3.3	Legal and other requirements -----	21-18

21.3.4	Stakeholder Consultation -----	21-19
21.3.5	Post operational closure -----	21-20
21.3.6	Site relinquishment -----	21-21
21.4	Rehabilitation and mine closure planning -----	21-21
21.5	Rehabilitation and mine closure provisions -----	21-21
21.6	Security-----	21-22
21.6.1	Current Securities-----	21-22
21.6.2	Security calculations -----	21-22
21.7	Commitments -----	21-23
22	Stakeholder consultation -----	22-1
22.1	Consultations undertaken prior to preparing the EIS -----	22-1
22.2	Consultation undertaken during EIS preparation -----	22-4
22.2.1	Identification of Stakeholders -----	22-4
22.2.2	Feedback on Stakeholder issues -----	22-5
22.2.3	Proponent's response to issues-----	22-6
22.3	Consultations during the public review period -----	22-13
22.4	Consultations following proposal implementation -----	22-13
22.5	Commitments -----	22-13
23	Preliminary Risk Assessment -----	23-1
23.1	Impact evaluation methodology -----	23-1
24	Environmental Management Systems -----	24-1
24.1	EMS framework -----	24-1
24.2	Policy and planning-----	24-2
24.2.1	Corporate principles-----	24-2
24.2.2	Environmental policy -----	24-2
24.2.3	Occupational health and safety policy-----	24-3
24.2.4	Hazard and incident reporting policy-----	24-4
24.2.5	Legal and other obligations-----	24-4
24.2.6	Environmental aspects, impacts and risk management -----	24-6
24.2.7	Aspects and impacts register -----	24-7
24.2.8	Risk assessment-----	24-7
24.2.9	Objectives, targets and program-----	24-9
24.3	Implementation and operation-----	24-10
24.3.1	Resources, roles and responsibilities-----	24-10
24.3.2	Competency, training and awareness -----	24-11
24.3.3	Communication-----	24-11
24.3.4	Documentation -----	24-12

Table of Contents

24.3.5	Operational control -----	24-12
24.3.6	Emergency preparedness and response -----	24-13
24.4	Checking and review -----	24-14
24.5	Commitments -----	24-15
25	Environmental Management Plans -----	25-1
25.1	Flora Environmental Management Plan -----	25-2
25.2	Fauna Environmental Management Plan -----	25-3
25.3	Sea Turtles Environmental Management Plan -----	25-4
25.4	Groundwater Quality Environmental Management Plan -----	25-5
25.5	Surface Water Quality Environmental Management Plan -----	25-6
25.6	Hydrocarbons and Hazardous Substances Environmental Management Plan -----	25-8
25.7	Waste Environmental Management Plan -----	25-10
25.8	Dust and Noise Environmental Management Plan -----	25-12
25.9	Fire Environmental Management Plan -----	25-14
25.10	Pests, Weeds and Diseases Environmental Management Plan -----	25-15
25.11	Radiation Management Plan -----	25-16
25.12	Biting Insects Environmental Management Plan -----	25-17
26	Acknowledgements -----	26-1
27	References -----	27-1
28	Limitations -----	28-1

Volume 2 - Appendices

Appendix A	Draft EIS Guidelines
Appendix B	Groundwater Report
Appendix C-1	Flora survey – Lethbridge and Andranangoo prospects
Appendix C-2	Survey of Habitats, Weeds and Observations on Red Goshawk Nest Sites for Andranangoo Haul Road
Appendix C-3	Flora survey of Lethbridge Haul Road – To be Provided
Appendix D	Final Fauna Report
Appendix E-1	Sea Turtles Report - Part 1
Appendix E-2	Sea Turtles Report - Part 2
Appendix F	Greenhouse Gas Emissions

Appendix G	Radiological Survey of Matilda Minerals Ltd Andranangoo Lease Melville Island, NT
Appendix H	Biting Insect Assessment Andranangoo Creek West and Lethbridge Bay West mining prospects, Tiwi Islands
Appendix I-1	Archaeological Surveys at Lethbridge West and Andranangoo West, Melville Island, NT.
Appendix I-2	A Report on Field Surveys to Determine the Existence of any European Cultural Sites for a Proposed Mineral Extraction Venture, Melville Island, NT

Plates, Figures and Tables

Plates

Plate 2.1: Concentrator Plant Spirals Section	2-7
Plate 2.2: Fully Assembled Concentrator Plant.....	2-8
Plate 9.1 Eucalyptus-Dominated Open Forest Characteristic of Upland Habitats	9-6
Plate 9.2: Coastal Vine-Thicket at Central Section of Lethbridge	9-7
Plate 9.3: Melaleuca Woodland Community at Western Limit of Lethbridge	9-8
Plate 9.4: Thin Border of Mangroves Typical of Shoreline of Brackish Swamps	9-8
Plate 9.5: Strand Vegetation on the Andranangoo Primary Beach Dune.....	9-9
Plates 9.6: High Dunes Behind the Beach at Andranangoo with Patchy Vine-Thicket	9-10
Plate 9.7: Extensive Mangroves with Bare Salt Flats, Upper Intertidal Zone, Eastern End of Lethbridge Mineral Lease	9-11
Plate 9.8: Vegetation Communities on Coastal Sand Plain, Andranangoo	9-12
Plate 10.1: Butler's Dunnart (Lethbridge haul road)	10-12
Plate 11.1: Flatback Sea Turtle tracks at Andranangoo Creek West	11-1

Figures

Figure 1.1: Location of Tiwi Islands.....	1-2
Figure 1.2: Tenement Locations.....	1-3
Figure 1.3: Andranangoo Creek West Deposit.....	1-3
Figure 1.4: Lethbridge Bay West Deposit.....	1-4
Figure 1.5: Location of Fuel Depot at Port Melville and Maxwell Creek.....	1-14
Figure 2.1: Andranangoo Camp and Plant Site Layout.....	2-1
Figure 2.2: Diagram of Mining Method	2-4
Figure 2.3: Plan and Elevation of Mining Method.....	2-5
Figure 2.4: Location of Water Bores - Andranagoo.....	2-10
Figure 2.5: Location of Water Bores - Lethbridge	2-11
Figure 2.6: Operational Personnel Requirements	2-17
Figure 3.1: Average Annual Occurrence of Tropical Cyclones	3-2
Figure 3.2: Paths of Tropical Cyclones over the past twenty years	3-2
Figure 4.1: Location of Recreational Fishing Camps Sites on the Tiwi Islands.....	4-3

Figure 7.1: Andranangoo and Aliu (Jessie) Creek catchment.....	7-2
Figure 7.2: The topography and Mineral Deposit at Andranangoo	7-5
Figure 7.3: The topography and Mineral Deposit at Lethbridge	7-10
Figure 7.4: A Typical Cross Section for Haul Roads and Spoon Drains	7-21
Figure 8.1: Bore Locations – Haul Road Dust Suppression Bores.....	8-4
Figure 8.2: Andranangoo – Groundwater Levels Dry Season.....	8-6
Figure 8.3: Lethbridge – Groundwater Levels Dry Season.....	8-7
Figure 8.4: Process Water Balance.....	8-12
Figure 8.5: Andranangoo – Layer 1, Yr 3 Water Table Wet Season.....	8-14
Figure 8.6: Andranangoo – Layer 1, Yr 3 Water Table Dry Season.....	8-15
Figure 8.7: Andranangoo – Layer 1, Yr 3 Water Level Drawdown Dry Season.....	8-16
Figure 8.8: Andranangoo – Layer 3, Yr 3 Drawdown Dry Season.....	8-17
Figure 8.9: Lethbridge – Simulated Groundwater Drawdown (m).....	8-19
Figure 9.1: Vegetation Communities of Andranangoo	9-4
Figure 9.2: Vegetation Communities of Lethbridge	9-5
Figure 10.1: Fauna Survey Locations, Andranangoo Prospect	10-4
Figure 10.2: Fauna Survey Locations, Lethbridge Prospect	10-5
Figure 10.3: Fauna Survey Locations, Andranangoo and Lethbridge Haul Roads	10-6
Figure 10.4: Distribution of Buffalo and Feral Horses on the Tiwi Islands.....	10-9
Figure 11.1: Location of the Sea Turtle Nesting Sites and Transect Lines	11-3
Figure 14.1: Long-term Monitoring Locations and Sites of Elevated Gamma Activity	14-2
Figure 15.1: Fire Scar History 2005, of the Tiwi Islands (up to 27th September 2005).....	15-2
Figure 15.2: Locations of Fire Extinguishers and Fire Hose Reels Around the Camp	15-4
Figure 19.1: ABS Census Collection Districts	19-1
Figure 19.2: Population Trend, 1986 to 2003.....	19-2
Figure 19.3: Age Distribution Across Selected Regions, 2001.....	19-4
Figure 19.4: Highest Level of School Completed by Indigenous Status, 2001	19-9
Figure 19.5: Population, 2001	19-14
Figure 20.1: Location of Background Scatter, Lethbridge West.....	20-2
