

Appendix B

Draft EIS Errata

The following are corrections and changes to the Andranangoo Creek West and Lethbridge Bay West Mineral Sands Mining Project Draft EIS.

Main Report

Section 1.9.1, pages 1-20 and 1-21

The Aboriginal and Torres Strait Islander Heritage Act 1984 and the Aboriginal Land Rights (Northern Territory) Act 1976 should be listed as Commonwealth, not Northern Territory legislation.

The following legislation was omitted from the Northern Territory list of relevant legislation:

- The Northern Territory Aboriginal Sacred Sites Act 1989.
- Foods Act (2004)
- Marine Act 2005
- Marine Pollution Act 2004

Section 2.3, page 2-12

The figure of 7 ML /year is a typographic error; the figure should be 307ML /year, as described in the Draft EIS in Section 8.3.1, where it is stated that it is anticipated that 840 kL/day (307 ML/year) will be required for the processing.

Section 9

The generic name “*Syzygium*” is misspelt “*Sysygium*” in the Draft EIS section on Flora.

Appendices

Appendix C-1, Appendix 1

The Flora Species List was omitted from Appendix 1 and is included below.
