Appendices

- Appendix A Final DEIS Guidelines
- Appendix B Dredge Management Plan
- Appendix C Archaeological Survey of the East Arm Wharf Expansion and Surrounding Area Darwin NT
- Appendix D Hydrodynamic and Wind Wave Modelling, and Shear Stress Estimates
- Appendix E Dredge dispersion and spoil disposal modelling for the East Arm Wharf
- Appendix F Oil Spill Modelling
- Appendix G Marine Water Quality Assessment
- Appendix H Surface water laboratory Analytical Results
- Appendix I Air Quality Assessment
- Appendix J Greenhouse Gasses Assessment
- Appendix K Marine Noise
- Appendix L Terrestrial Noise Assessment
- Appendix M Terrestrial Flora and Fauna Assessment
- Appendix N Visual Amenity Assessment
- Appendix O Biting Insects Assessment
- Appendix P Fire Management Letter
- Appendix Q Risk Assessment
- Appendix R AAPA Authority Certificate
- Appendix S EAW Environmental Management Plans
- Appendix T Guidelines for Preventing Biting Insect Problems for Urban Residential Developments or Subdivisions in the Top End of the NT
- Appendix U Guidelines for Preventing Mosquito Breeding Associated with Construction Practices near Tidal Areas in the NT
- Appendix V Constructed Wetlands in the NT, Guidelines to Prevent Mosquito Breeding
