Invitation to Comment – Referral of Sturt Plateau Pipeline to the NT EPA

Dear Ms Bradley

Thank you for inviting comment on the NT EPA referral of the Sturt Plateau Pipeline relating to matters relevant to the *Environment Protection and Biodiversity Conservation Act 1999* (EPBC Act).

The department has received a referral for the same proposed action which is currently being validated. The department will assess the proposed action's potential to significantly impact matters of national environmental significance under the EPBC Act once the referral has been validated.

The department will inform the NT EPA of the referral decision outcome once it has been made.

If you have any questions about our response, please contact the Assessment Officer, Sophie Brennan by email at EADSAandNTSection@dcceew.gov.au.

Yours sincerely
